

Sunrise Medical Little Gem 2 Mobility Scooter

Introducing the new Little Gem 2 from our Sterling range of scooters.

The Little Gem 2 is the ideal choice for those looking for comfort and style. The scooter can be disassembled in seconds with a simple pull of a lever.

The wireless connections ensure that the Scooter can be assembled as quickly and as easily as it was taken apart.

The new Sterling lock allows simple separation of the front and rear of the scooter, ready for transportation

This new package features a soft padded seat for added comfort.

-Flip up armrests and swivelling seat make it easy for transfers.

-The new Little Gem 2 is so compact and manoeuvrable you can take it almost anywhere.

-Padded swivel seat adjusts from left to right.

-Lightweight removable parts.

-New design allows the infinitely adjustable tiller to be pushed up and away for ease of transfer.

-When dismantled, there are just 5 pieces: - Battery pack - Seat - Basket -Front end - Drive pack.
